General Comment

To whom it may concern:

I am writing this comment to express support for the proposed rule regarding the fiduciary duty regarding proxy voting and shareholder rights. The role of a financial fiduciary is to pursue (and vote) for only those measures that are deemed to be in the best financial interests of its beneficiaries. It's function is not to pursue or encourage corporate political activism or dubious "social justice" policy initiatives. Please demand corporate political neutrality when fiduciaries act on behalf of their beneficiaries.
