General Comment

My opinion matters, as do others, American business is the bedrock of the American way of life, it's what the founding fathers had in mind when they sacrificed their livelihoods to build our country. We shouldn't allow a few socialist's to change the way our savings is invested, I'm retired, I saved for this as did my parents and previous generations, to politicize your pension plans is synonymous with tearing down the American Republic, built on opportunities for all but you have to work for it.
