Financial Factors in Selecting Plan Investments

Document: EBSA-2020-0004-DRAFT-0378
Comment on FR Doc # 2020-13705

Submitter Information

Name: David Wietlispach

General Comment

I am against this proposed rule.

The essence of the 'free market' is that investors are free to direct their investments how they wish. If I wish to direct my investments toward companies with demonstrated ESG goals, I should be free to do so.

Thanks.
