Docket: EBSA-2020-0004
Financial Factors in Selecting Plan Investments

Comment On: EBSA-2020-0004-0002
Financial Factors in Selecting Plan Investments

Document: EBSA-2020-0004-DRAFT-0517
Comment on FR Doc # 2020-13705

Submitter Information

Name: Nina Wouk

General Comment

People have a right to control over how their money is invested. If workers want their retirement funds invested in industries that don't pollute and that treat people fairly then the managers of those retirement funds have a moral responsibility to make choices based on those values. Working age people in jobs with retirement plans care about those things. You as an institution have no mandate to interfere, and every reason not to.
