Financial Factors in Selecting Plan Investments

Document: EBSA-2020-0004-DRAFT-0527
Comment on FR Doc # 2020-13705

Submitter Information

Name: Greg Singleton

General Comment

Climate change is the issue of our time. We must do EVERYTHING we can to reduce and eventually eliminate our use of fossil fuels. Allowing climate-friendly-oriented investing is one of the thousands of things we can do now to support the transition from fossil fuels to sustainable energy sources. Please DO NOT limit the ability of retirement account managers and investment fund managers to invest solely in companies that promote sustainable practices.
