Financial Factors in Selecting Plan Investments

Document: EBSA-2020-0004-DRAFT-0531
Comment on FR Doc # 2020-13705

Submitter Information

Name: Michelle H

General Comment

Investment strategy and allocation should be by choice not a mandate by the dept of labor to exclude ways for investors to align values to investments. In agreement with the statement by John Hale. "They have everything to do with the Administration's desire to preserve an economic system that has promoted inequality, racism and climate destruction."
