Financial Factors in Selecting Plan Investments

Document: EBSA-2020-0004-DRAFT-0532
Comment on FR Doc # 2020-13705

Submitter Information

Name: Nikki Sachs

General Comment

I am opposed to this rule. There is absolutely no reason to restrict the use of environmental, social and governance (ESG)-themed investments within tax qualified retirement plans governed by the Employee Retirement Income Security Act (ERISA). This is politically motivated to stop people from investing in climate change. Many people want their retirement plans to reflect these kinds of investments and it is mean and reactionary to propose this rule. People want choice.
