Financial Factors in Selecting Plan Investments

Document: EBSA-2020-0004-DRAFT-0602
Comment on FR Doc # 2020-13705

Submitter Information

Name: Aaron Sachowitz

General Comment

Considering Environmental, Social, and Governance factors in addition to financial ones is part of what allows ERISA governed retirement plans meet the needs of their investors. This proposed rule would limit our choices unreasonably and offer no protection. This seems like a rule change aimed at funneling investment money to non-ESG investments rather than actually strengthen fiduciary protections for investors. I urge you to reject this rule.
