Comment on FR Doc # 2020-13705

Submitter Information

Name: Gail Burnett

General Comment

I have specifically requested socially responsible funds in my retirement portfolio. I strongly believe people should be able to direct how their money is invested and that financial advisors should be able to recommend socially responsible funds. That should including matching funds from employers. Not only can I feel I am creating positive action by investing in socially responsible funds, I am also getting a good return on my investment.
