General Comment

Dear Secretary Scalia,

I submit this letter in support of the Department's new investment duties rule, so investors like me are not victimized by political beliefs.

As the mission statement of the Department of Labor details, your work is "to foster, promote and develop the welfare of the wage earners, job seekers and retirees of the United States."

This proposal does just that. As a retired nurse, I respectfully ask that it be enacted and am hopeful it will be.

Kay Hollaway
