General Comment

Re: RIN: 1210-AB95 Employee Benefits Security Administration, Department of Labor

I am in favor of the proposed rule changes to require investment managers to follow the guidelines of the ERISA law. Not following these rules as originally promulgated is very likely allowing investments of citizen's investment funds in companies and social strategies that are not following strict fiduciary accountability to the private investor.

I am in favor of the proposed rules changes.

Thank you.
