General Comment

Pension holders and 401K participants deserve, and are legally owed, investment portfolios devoid of politicized ESG funds. A fiduciary's duty is to retirees alone, because under ERISA one social goal trumps all others: retirement security for American workers. Social and political agendas of ERISA fund managers have no place, NO PLACE AT ALL, in this matter. ERISA fund managers owe a clear duty to maximize the value of the funds they manage, and violate their fiduciary duties if they act otherwise.
