Submitter Information

Name: Walt Work

General Comment

I am proud that there do seem to be at least a few people in our government that are willing to stand up for the interests of our fellow Americans and our rights under God. I do support Labor Secretary Eugene Scalia and his work to keep American retirement dollars out of the hands of Governments and world entities that would like nothing better than to use those American dollars to bring about the destruction of America. Please keep fighting the good fight.
