Financial Factors in Selecting Plan Investments

Comment On: EBSA-2020-0004-0002
Financial Factors in Selecting Plan Investments

Document: EBSA-2020-0004-DRAFT-1007
Comment on FR Doc # 2020-13705

Submitter Information

Name: Christy Hunter Hall

General Comment

ESG funds are "vehicles for furthering social goals or policy objectives that are not in the financial interest" of private employer-sponsored retirement plans???. Most ESG funds have been offering better investment returns during the coronavirus pandemic than their conventional counterparts, research shows. The administration and Department of Labor are moving in the opposite direction from what we're seeing in other advanced economies, where the direction to investors is more toward encouraging them.
