General Comment

I am writing regarding the proposed rule by the Dept of Labor to ensure that the best interests of investors are followed by all brokers. I endorse and strongly support the proposal by the Labor Dept. I want to be able to trust that my broker is working hard to secure my retirement funds as best as possible...not putting my money in any organization based on ideological or political motivations, which may mean my hard earned money is put at unnecessary and/or increased risk.

Thank you.
