General Comment

To Whom It May Concern:

I am writing in support of Secretary Scalias new rule to remind private pension fund managers that their first and primary goal must be to focus solely on the greatest return of investment for their clients. This is in accordance with ERISA enacted in 1974.

I do not want my hard earned funds invested in pet projects or social justice causes approved by pension fund managers, as that is not acting as a fiduciary

Thank you for your time and consideration of this matter..
