Organization: Committee on the Present Danger: China

General Comment

I commend Secretary Scalia for his leadership in protecting American investors against public and private pension fund managers whose decisions concerning where and how much of beneficiaries' savings go to so-called "Environment, Social and Governance (ESG)" virtue-signaling and/or to non-transparent Chinese Communist Party-tied companies. His proposed guidance with respect to the former should be promulgated and expanded to include the latter.

Frank J. Gaffney
Vice Chairman, Committee on the Present Danger: China
