## General Comment

The Biden regime is destroying America. This is just one more example of the insanity of prevailing thought. The officials carrying out this obscenity and others should be thrown out as the scoundrels they are. They have forgotten it is "We the people". I urge you to begin using common sense and use your office to promulgate America first. This "woke" ideology is nothing more than Marxism. It is to be totally rejected. The American people have understood what this corrupt regime is attempting. It will not stand. It is time for Patriots in your position to rise and reject this abysmal idiocy.
