## General Comment

The Biden-Harris Administration is trying to force MY investment managers to use MY RETIRMENT MONEY to invest in "woke" corporations instead of what's best for your financial future. Most investment managers are fiduciary's which means putting their clients' interests, NOT THE GOVERNMENT, ahead of their own, with a duty to preserve good faith and trust.

It's insane that Biden and his administration would even think of doing this! Please DO NOT take any action that will ruin people's retirement plans by investing in Leftist corporations supported by Biden and his administration. In fact it sounds like it would be illegal for government to do this.

PLEASE - Don't let them get away with it!
