General Comment

The role of government in line with our Constitution is to help the people with 'life, liberty and the pursuit of happiness.' It is NOT to tell people or the companies they work for what to invest people's money in. This whole 'larger government fixes all' approach does not help people in line with our Constitution. Rather it TAKES AWAY people's rights to make choices for their own well-being in lieu of a 'Big Brother knows better' approach. And taking people's opportunity to make their own or Business's decisions to choose what's best for us respectively is nothing short of Socialism or the next steps to it. Therefor I oppose this decision.
