Prudence and Loyalty in Selecting Plan Investments and Exercising Shareholder Rights

Document: EBSA-2021-0013-DRAFT-3520

Submitter Information

Name: Anonymous Anonymous

General Comment

Federal Registrar John smith,

I do not want my retirement funds to be invested in industries destroying the planet or mistreating workers, like big oil companies or Wall Street private equity firms.

Fund managers should be able to take critical factors like racial equity, workers issues, and climate change into account, and choose sustainable investments that provide good returns and support a safe and resilient economy.
