General Comment

Sir :

Please do not take my right away to protect my investment in my retirement account and IRA by imposing a restriction to trade option in my retirement account.

I have been responsible to fund my IRA and retirement fund without government help, I should be trusted how to protect my own interest that I build up with hard work in my retirement account.

It is possible that some people do not behave responsibly in their life, like drinking too much alcohol or sweet, this does not justify that everyone else should be punished by behavior of a few.

With all the problem that the country faces government interference into people's retirement should be at the bottom of government priority list .

Please refrain from any changes in restricting option in my retirement saving.
