RE:RIN 1210 - AB32

This law change you are proposing is going to negatively impact my ability to grow my IRA with the use of selling call options on stock I own inside my IRA. I have taken the time to learn how to use options to create income in my IRA as well as capital gains and in ways to decrease the risk of stock ownership with the use of options. Since I am relying on my own IRA growth and not some guaranteed government pension to get me through my retirement years please don't restrict my ability to do so by passing this intrusive law.
