General Comment

Please don't end my ability to trade options in my IRA account. It provides me with a way to earn relatively safe income to help fund my retirement.

My broker has never enticed me to use options or have they ever suggested that I do that . They have, however, provided a platform for me to trade options at a reasonable cost. additionally, they do provide written guides and educational information regarding options, how they work and also the risk involved for those who are not knowledgeable.

I believe it unfair and unwise to take away this valuable tool that helps educated citizens and investors grow their IRA account and therefore provide themselves with a better and more secure retirement.
