General Comment

DO NOT remove options trading from IRA's for the following reasons:

- 1) I have been properly trained in the art of options trading and understand what is necessary to make options trading safe for persons trained to trade options.
- 2) Options trading within my IRA has substantially GROWN my account and has been a GREAT benefit to my long term financial health.
- 3) I have found that options trading produce less risk and helps to create a more stable financial future for me going towards the future.

To remove options trading from my IRA would be very detrimental to my financial health and would greatly reduce my ability to survive financially into the future.

PLEASE DO NOT remove options trading from my IRA!!

Thank You
Pete Peters
