## General Comment

Attn: Department of Labor

I am     years and have been trading options to increase my small retirement savings account. Trading options has been a safe and easy way for me to increase the withdrawal amount of my IRA's Minimum Required Distribution (MRD) each year.

I would like to protect my rights and the rights of others, to trade options in our retirement accounts, we should not be penalized for having a retirement savings tool at our disposal. Please do not pass this ruling.
