I am retired. I trade covered call options in my retirement account for extra income. Outlawing this in RIN 1210 - AB32 will remove the ability to trade options in my IRA and reduce my income!!! Is this what you really want to do is remove the ability of people to generate income for themselves??? You are trying to protect me from myself with this suggested change! I fully understand what I am doing and this smacks way to much of a nanny state practice.

Perhaps this should be rethought and removed from RIN 1210 - AB32.

Many thanks for listening!
