General Comment

Please do not prevent me from managing my retirement investments as I see fit.

I have been educating myself on how to find the best investments to help me and my family. I should be allowed to invest my money as I see fit. I believe I have to live with my own mistakes. the government should not be interfering with my decisions. I am following recommendations of very successful advisors and have watched others success. I should be allowed to make an advance in my retirement just like others.
