## General Comment

Comment on ID: EBSA-2010-0050-0204

It is my understanding that this regulation prohibits using a covered call strategy within my IRA account. I manage my own account and rely on research and experience to achieve my goals. In my, and I believe most retirement accounts income is the major growth element. In a world of low interest rates, the one safe way to achieve an acceptable return is by using covered calls. I strongly encourage you to not remove this safe tool from my investment tool box. Thank you for your consideration. Larry Wilson
