General Comment

REGARDING USE OF OPTIONS IN RETIREMENT ACCOUNTS: It is my understanding that there is discussion on eliminating the use of options in IRA/Roth IRA's and other retirement accounts. It is a bad idea since options can play a significant role in protecting the value of my retirement account as they did in the recent correction, as well as increase my return at other times. Please do not take valuable tools from our use to secure our retirement accounts. It would be ill conceived and wrong. Thank you. Richard Swithers
