General Comment

Please do not take away the ability to use options in retirement accounts. Options are a necessary tool that have helped to grow my account substantially. I have taken the time to learn about and understand options and find them to be quite valuable. I often rely on professional advice in the use of options strategies just as I rely on professional advice in basic stock and investment strategies in general. It's hard enough to grow one's money. Don't tie our hands by eliminating a key tool in portfolio growth and protection.

Thank you for our consideration
