## General Comment

Please do nothing to change the ability for anyone to trade options in their 401K accounts. It would be pointless since I for one can tell you how lousy Edward Jones was at managing my 401 account 10 years ago. Options work VERY well for hedging stock and can serve other purposes as well.

Every investor needs to be held responsible for their own investment decisions. Is their money, they shouldn't be told what they can and cannot do with it. Perhaps you like someone telling you what to do with YOUR money? I DO NOT!!!
