General Comment

I do hereby, as a responsible citizen of this country, the United States of America, strongly suggest that this proposed rule be voted against. It is wrong to restrict, in these ways, the use and structure of monies generated not by your commission but rather than a lifetime of toil by the citizens of your country. It is not up to you to decide how to control it, and the rule restricting free access to financial instruments needed to generate a return is wrong. Please reconsider this rule, and fix it. Leave our options open. sincerely, Richard Fox
