General Comment

i have been a Financial Advisor for the past 34 years. I studied and learned options trading from Dr. David Eifrig, who I consider to be the best research guy I have ever used. In the one and a half years that I have followed Doc Eifrig's option strategies, I have earned \$12,000 of additional income in my personal accounts.

It is my experience that selling naked puts and covered calls is an excellent way to reduce portfolio volatility. With interest rates at 0%, thank you Fed, options are an excellent strategy to generate additional income.
