To whom it concerns:

I am a . . . year old retiree.

Each day the market is open I trade options---covered calls and "cash available only" puts. It is a conservative and enjoyable way to increase earnings in my retirement account. I have been doing this successfully for a number of years. It is an important part of my day.

I would be very disappointed if, in an effort to protect me from myself, you were to deny me the right to continue this activity.
