Subject: RIN 1210-AB32

To Whom It May Concern:

Over many years, my wife and I have used covered call options on selected stocks in our IRA accounts. The additional income has been substantial and has kept our accounts growing. These covered calls have also acted as protection in down market cycles. It is inconceivable that this important investment tool would be eliminated.

We request that you eliminate this provision from this proposed rule change.

Thank you

Neil and Carol Olsen
