Please stop treating people like children with RIN 1210 – AB32. The government makes a mess out of everything it touches. Selling options in a IRA is a way for me to generate some extra revenue without you having to extort through taxation. If I lose that is my fault not your concern.

You already have screwed up social security and everything you have ever touched. Stop being a nanny state and start cleaning up the messes that tax payers always end up paying for time and time again.

I am sure this is falling on deaf ears, but at least I tried
