To Whom It May Concern;

Please do not take away my ability to trade options in my retirement account. I have spent several years and a considerable amount of money learning, from a respected and knowledgeable service, how to trade options to reduce risk and increase my retirement income. I understand how options trading can be dangerous and costly but if done correctly, and as options were originally designed to be used, it can be very safe and an excellent way to boost my savings. Please do not let this initial attempt to protect me turn into another government bungle that only penalizes and harms my ability to survive.

Respectfully,

J. Iverson Riddle, Jr.
