Subject: DOL Limiting Choices in IRAs

Dear Labor:

Please do not try and limit and control how I invest my IRA. I already went through this 15 years ago with the day trading limits imposed on my brokerage account by the SEC. I don't need the government to try to save me from losing money. This is America, remember? You are SUPPOSED to have the freedom to do what you choose with your savings.

Thank You.

Sincerely,

Mr. Alex Luce
