What to Expect from a Retirement Plan Investigation**

It can be a challenging time when your employer-sponsored retirement plan is undergoing an investigation, especially for small and medium sized employers with limited time, resources and/or access to professional assistance.

To increase awareness and understanding about what happens during an EBSA investigation or audit, the Employee Benefit Security Administration's Dallas Regional Office is presenting the "What to Expect from a Retirement Plan Investigation" webinar.

The webinar will help employers, service providers, and benefit professionals understand how the fiduciary responsibility provisions of the Employee Retirement Income Security Act (ERISA) apply to employer-sponsored retirement plans and provide information on how to avoid common problems in managing a plan. The webinar runs about 90 minutes.

When: September 22, 2021, Wednesday at 10:00 – 11:30 am CT

Cost: Free!
