

National Dislocated Worker Grant (DWG) Summary

Project Name	Montana Weyerhaeuser
Project Type	Regular
Period of Performance	12/01/2016 – 12/31/2018
Grantee Name	Montana Department of Labor and Industry Workforce Services Division
Grantee City and State	Helena, Montana
Grant Award Amount	\$225,000
Planned Participants	50
Project Service Area	Flathead
Project Operator	Strategic Initiatives and Workforce Program Bureau
Target Group	Workers impacted by the closure of a Weyerhaeuser lumber and plywood mill, located in Columbia Falls, Montana.
Project Description	This project will provide employment-related services to the affected workers.
Training/Services	The State proposes to address the needs of the affected workers with a comprehensive program of assessment, case management, work readiness services, job development, and job placement. Training services will include work-based learning, as well as occupational skills training leading to an industry recognized credential. These services will be tailored to the individual, while preparing them for in-demand jobs.
Congressional Interest	None of which the Employment and Training Administration is aware.
Grantee Contact	Sandra Williams Montana Department of Labor and Industry Workforce Services Division 1315 Lockey Street P.O. Box 1728 Helena, Montana 59624 (406) 447-3203
