Core Project Elements		✓ Where Applicable
	Common registration and case management across at least the DW, ES, and UI programs	✓
	Implementation of robust on-line service delivery hubs that integrate information and on-line services across at least the DW, ES, and the UI programs	✓
	Data integration strategies that support the ability of front-line staff, including career counselors, to better connect dislocated workers to the services they need to get jobs in demand and expand the capacity to provide career counseling to more customers	✓
Alternate Options for States	For states with existing integrated systems, the proposal includes enhancing existing system	
Workforce Connect		Yes or No
	Plan to use	
	Plan to investigate	Yes
Project Description	KY plans to use RSI DWG funds to unify data and information across systems housed in multiple agencies, consolidate technologies, and improve data gathering and reporting capabilities to create custom services to meet the needs of job seekers and UI claimants. KY will design a single point of service and streamline program registration across programs to maximize seamless integration between existing systems and supports transparency, enhances services, and improve outcomes.
