## Funding Announcement

[Training & Employment Guidance Letter \(TEGL\) No. 2-18](#)

[Additional DWG Resources](#)

Trade and Economic Transition National Dislocated Worker Grants (DWG), with funding of up to \$100 million for each award, \$8 million for each individual award. This grant will enable successful applicants to address ongoing or emerging workforce and economic challenges by providing training and career services to dislocated workers seeking reentry into the workforce, and increasing their skill levels to become competitive for growing or high-demand employment opportunities.

Planned Participants Served

1000

Total Award Amount

\$6,006,431

## Economic Transition Factors

Industrial reorganization due to challenges created by trade and automation have led to job losses requiring individuals to obtain new skills.

Project Service Area

Period of Award: September 2018-September 2020

## Proposal Summary

To expedite transition back into the workforce, the state will utilize already established sector partnership pipeline programs it has contracted in the Real Jobs program to provide training. These sector platforms place emphasis on the acceleration of developing participants' skills, and reemployment in demand-driven industry.

## Sectors of Focus

- Biomedical Innovation
- Information Technology/Software
- Cyber-Physical Systems
- Data Analytics
- Defense Shipbuilding and Maritime

## Proposed Outcome

Combined with DLT's strong working relationships with both local Workforce Development Boards (WDBs) and American Job Centers (AJCs), DLT is well poised to convene, design, and launch the innovative workforce strategies called for by recent economic transition events. The individuals receiving training will be prepared to obtain new jobs in this economy.
