

National Dislocated Worker Grants

WORKFORCE OPPORTUNITY FOR RURAL COMMUNITIES (WORC III)

Appalachian Regional Commission and Delta Regional Authority (ARC - DRA)
Funding Opportunity Announcement (FOA-ETA-21-08)

Grant Number: MI-37030-21-60-A-22

Area to be Served: Livingston, St. Helena, St. James, Tangipahoa, and Washington Parishes

Southeastern Louisiana University

The goal of the WORC grants is to create economic prosperity and gainful employment opportunities for eligible residents in impacted ARC and DRA regions, enabling them to remain and thrive in these communities.

The Louisiana Digital Health Institute creates gainful employment opportunities by providing education and training that leads to licensures and degrees for high demand, high wage positions. It helps create economic prosperity by increasing the digital health capacity of the workforce, which will help keep more patients in the local community for care. This will increase the revenue of local providers, and as patient populations increase, the workforce size also will increase.
