DREAM WORC

The goal of the WORC grants is to create economic prosperity and gainful employment opportunities for eligible residents in impacted ARC and DRA regions, enabling them to remain and thrive in these communities.

Through the "DREAM WORC" program, Dream Innovations, Inc. will implement an innovative training program that will allow enrollees meeting the prescribed criteria. Participants will engage in specialized training programs based on the results of an in-depth assessment of their education, skills, interests and experiences. The tailored program will integrate cutting-edge innovative technologies and digital learning resources into all training activities. The program will utilize specialized technologies to prepare participants for entrance into the workforce, and preparing them in the areas of Networking, Wiring, Coding, Web Design, Graphic Design, Game Design, eSports, Engineering and more.

Participants who successfully complete their customized training activities will be positioned to compete globally to secure and succeed in high level positions in virtually any career field.
