Youth in foster care or aged out of system							100.0%			100.0%		

#### ADDITIONAL COMMENTS:

Iowa continues to provide service delivery to priority populations who generally have the most barriers to employment and are difficult to serve. During this reporting period, 98% of Iowa's WIOA Title I Adult participants receiving individualized career and training services were recipients of public assistance, low-income, or basic skills deficient. While Iowa exceeded its performance goals in all areas, there was a significant increase in median earnings which can be attributed to the state's focus on training and improved career planning. It should be noted that enrollments were down 15% compared to program year 2022 which can be attributed to Iowa's low unemployment rate and the realignment of four local areas into one effective 7/1/2023. The realignment resulted in the loss of service provider staff leading up to the transition and the hiring and training of new staff during the transition period leading to a lack of outreach and follow-up with enrolled participants. Iowa's focus for program year 2024 is ongoing training on data integrity, the accurate recording of performance outcomes, career planning, outreach, and follow-up.

<sup>1</sup>Applies to Title I only.

<sup>2</sup>This indicator also includes those who entered into a training or education program for the Youth program.

<sup>3</sup>Credential Rate and Measurable Skill Gains do not apply to the Wagner-Peyser program.

<sup>4</sup>Barriers to Employment are determined at the point of entry into the program.

Numbers entered into cells in this template are the same as the corresponding "report item number" on the report specification document. Clicking on each hyperlink will take the user to the plain text language

#### Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.
