Youth in foster care or aged out of system												

ADDITIONAL COMMENTS:

While Iowa exceeded its performance goals in all areas, there was a significant increase in layoffs across the state since March 2024. Iowa continues to review participation number for the Dislocated Worker program and provide technical assistance to local workforce development areas to increase participant numbers after a closing or layoff has occurred in the local area. Due to job openings and low unemployment numbers in Iowa those being laid off have been able to connect to employment without additional assistance from the Dislocated Worker program. It should also be noted that enrollments continue to be down which can be attributed to the realignment of four local areas into one effective 7/1/2023 that covers half the state. The realignment resulted in the loss of service provider staff leading up to the transition and the hiring and training of new staff during the transition period leading to a lack of outreach and follow-up with enrolled participants. Iowa's focus for program year 2024 is ongoing training on data integrity, the accurate recording of performance outcomes, career planning, outreach, and follow-up.

¹Applies to Title I only.

²This indicator also includes those who entered into a training or education program for the Youth program.

³Credential Rate and Measurable Skill Gains do not apply to the Wagner-Peyser program.

⁴Barriers to Employment are determined at the point of entry into the program.

Public Burden Statement (1205-ONEW)

Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Respondent's reply to these reporting requirements is mandatory (Workforce Innovation and Opportunity Act, Section 116). Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to the Office of Policy Development and Research • U.S. Department of Labor • Room N-5641 • 200 Constitution Ave., NW, • Washington, DC • 20210. Do NOT send the completed application to this address.
