End of WIPS Support for PIRL 2018 and PIRL 2020.

- Currently, grantees (other than Apprenticeship, NFJP, and certain H-1B grantees) may use the 2018, 2020, or 2021 versions of the PIRL for quarterly participant data file uploads to WIPS. However, **the quarter ending June 30, 2022 is the last quarter for which grantees can submit a file using the 2018 or 2020 versions of the PIRL. For states submitting WIOA Annual Performance Reports, the PY 2021 Annual Report will be the last annual report where the 2018 or 2020 versions of the PIRL will be available**. Grantees should work on updating their reporting processes such that they are able to produce a file using the 2021 version of the PIRL as soon as possible. WIPS currently accepts 2018, 2020, and 2021 versions of the PIRL. Grantees may move to producing a 2021 version of the PIRL file at any time in order to prepare for this change.
- For those grantees already using the 2021 version of the PIRL, there will be no impact. For more information about and resources to support this transition please see:
- TEN 8-21 – *Timeline for the Implementation of the Amendments to Performance Reporting Information Collection Requests (ICRs) in the Workforce Integrated Performance System (WIPS)* available at: https://wdr.doleta.gov/directives/corr_doc.cfm?DOCN=7061.

New ETP Reporting Schema for PY 2021 Reports

- When WIOA title I state grantees submit their ETP reports for PY 2021, they must use the new ETP reporting schema in accordance with the updated requirements. The new ETP reporting schema attached is to be utilized for the PY 2021 reports that are due Oct 1, 2022.

May 15th - Quarterly reports due.

Questions?
