### WIPS Reporting Statistics

WIPS has come so far since its implementation in 2016 which is why it's important to highlight where we are today! The below statistics represent all of the files uploaded since November 1<sup>st</sup>, 2018 in order to coincide with the WIPS release that implemented the current PIRL 2018 version that grantees report on today. The current WIPS architecture design allows for this volume of file processing with minimal down time and that's why we are so proud of the progress WIPS has made!
