	CORRESPONDENCE SYMBOL OWI
	DATE May 7, 2009

TRAINING AND EMPLOYMENT GUIDANCE LETTER NO. 20-08

TO: ALL STATE WORKFORCE AGENCIES
ALL STATE WORKFORCE LIAISONS

FROM: DOUGLAS F. SMALL /s/
Deputy Assistant Secretary

SUBJECT: Workforce Investment Act (WIA) Adult, Dislocated Worker and Youth Activities Program Allotments for Program Year (PY) 2009; Additional PY 2009 Funding from WIA Section 173(e) for Adult/Dislocated Worker Activities for Eligible States; Final Wagner-Peyser Act Allotments for PY 2009; Workforce Information Grants to States for PY 2009; and Work Opportunity Tax Credit (WOTC) Allotments for Fiscal Year (FY) 2009

1. Purpose. To provide states and outlying areas with WIA Title I Adult, Dislocated Worker and Youth Activities program allotments for Program Year (PY) 2009; final allotments for PY 2009 Wagner-Peyser Act activities or programs, as required by section 6(b)(5) of the Wagner-Peyser Act, as amended; Workforce Information Grants to States for PY 2009; and the Work Opportunity Tax Credit (WOTC) allotments for FY 2009.

2. References.

RESCISSIONS None	EXPIRATION DATE Continuing
----------------------------	--------------------------------------

- 3. Background.** The funds for the allotments announced in this TEGL are part of the funds appropriated in the Department of Labor Appropriations Act, 2009, Division F, Title I of the Omnibus Appropriations Act, 2009, Public Law 111-8, signed into law March 11, 2009.

The WIA allotments for states are based on formula provisions defined in the Act (see Attachment I for WIA and Wagner-Peyser formula descriptions). The WIA allotments for the outlying areas (e.g., American Samoa, Guam, Northern Marianas, Palau, and the Virgin Islands) are based on a discretionary formula as authorized under WIA Title I. The Marshall Islands and Micronesia no longer receive WIA Title I funding, pursuant to P.L. 108-188, Compact of Free Association Amendments of 2003, (December 17, 2003); instead, these areas now receive funding from the Department of Education's appropriation. The Compact, as amended by the Consolidated Appropriations Act 2008 (Division F, Sec. 124), continues the availability of programs previously available to Palau through September 2009, including WIA Title I funding provisions.

States are expected to spend PY 2009 funds concurrently with Recovery Act funding to increase the availability of services quickly and effectively. The significant investment of funds presents an extraordinary and unique opportunity for the workforce system to advance transformational efforts and demonstrate its full capacity to innovate and implement effective One-Stop service delivery strategies. As states and localities plan how their One-Stop systems will make immediate use of the Recovery Act funds, ETA encourages them to take an expansive view of how the funds can be integrated into efforts to improve the effectiveness of the public workforce system. In this system, the needs of workers and employers are equally important in developing thriving communities where all citizens succeed and businesses prosper. Successful implementation of funding includes not only quick and effective provision of services and training for workers in need, but also leveraging changes in the system's basic operations to develop a strong, invigorated, innovative public workforce system capable of helping enable future economic growth and advancing shared prosperity for all Americans.

In a stronger, more comprehensive workforce investment system, adults move easily between the labor market and education and training in order to advance in their careers and upgrade their skills and contributions to the workplace, while disconnected youth are able to reconnect through multiple pathways to education and training opportunities necessary to enter and advance in the workforce. Adult education, job training, postsecondary education, registered apprenticeship, career advancement and supportive service activities are fully aligned with economic and community development strategies, so as to meet the skill needs of existing and emerging employers and high growth occupations as well as the needs of under-skilled adults. Under such a dual-customer approach, seamless career pathways would be developed and offered, and support services and needs-based payments

would be available, making it far easier for young people and adults to advance and persist through progressive levels of the education and job training system as quickly as possible and gain education and workforce skills of demonstrated value at each level. Education and training at every level would be closely aligned with jobs and industries important to local and regional economies. Every level of education and training would afford students and trainees the ability to advance in school or at work, with assessments and certifications linked to the requirements of the next level of education and employment.

With this infusion of PY 2009 funding, along with the recent release of Recovery Act funds, states and local areas should consider how their funding decisions and implementation activities can help achieve this goal of workforce system transformation. New approaches should be reflected in plans and accomplishments should be documented as this transformation process evolves.

All allotments and descriptions of the allotment formulas will be published in the Federal Register. Comments from the public on the formula used to distribute outlying areas funds only are due 30 days after the date of publication in the Federal Register.

4. State WIA Youth Activities Funds: Title I--Chapter 4--Youth Activities.

A. State Allotments. The appropriated level for PY 2009 for WIA Youth Activities totals \$924,069,000, which includes \$13,861,035 for Native Americans, \$907,897,792 for states, and \$2,310,173 for outlying areas. Attachment II contains a breakdown of the WIA Youth Activities program allotments by state for PY 2009 and provides a comparison of these allotments to PY 2008.

The three data factors required by WIA for the PY 2009 Youth Activities state formula allotments are:

1. The number of unemployed for Areas of Substantial Unemployment (ASUs), averages for the 12-month period, July 2007 through June 2008, as prepared by the states using special 2000 Census data based on households, obtained under contract with the Census Bureau and provided to states by the Bureau of Labor Statistics (BLS);
2. The number of excess unemployed individuals or the ASU excess (depending on which is higher), averages for the same 12-month period as used for ASU unemployed data; and
3. The number of economically disadvantaged youth (age 16 to 21, excluding college students and military), from special 2000 Census tabulations.

Since the total amount available for states in PY 2009 is below the required \$1 billion threshold specified in WIA section 127(b)(1)(C)(iv)(IV), which was also the case in PY 2008, the WIA additional minimum provisions are not applicable. Instead, as required by WIA, the JTPA section 262(a)(3) (as amended by section 701 of the Job Training Reform Amendments of 1992) minimums of 90 percent hold-harmless of the prior year allotment percentage and 0.25 percent state minimum floor are applicable. WIA also requires the application of a 130 percent stop-gain of the prior year allotment percentage.

- B. PY 2009 Funding WIA Agreement/Notice of Obligations (NOOs). Pursuant to WIA section 189(g)(1)(B), Youth program funds will be provided under the PY 2009 WIA Annual Funding Agreement effective April 1, 2009, upon execution. This year, due to the introduction of Recovery Act funds, ETA needed additional time to properly account for the impact of these additional funds on the formula.
 - C. Within-State Allocations. WIA Youth Activities funds are to be distributed among local workforce investment areas (subject to reservation of up to 15 percent for statewide workforce investment activities) in accordance with the provisions of WIA section 128 and the approved WIA/Wagner-Peyser Act State Plan. For purposes of identifying ASUs for the within-state Youth Activities allocation formula, states should continue to use the special 2000 Census data based on households which were obtained under contract with the Census Bureau and provided to states in October 2006 by BLS. These data will continue to be used for this purpose until further notice. For purposes of developing the number of economically disadvantaged Youth Activities for the statutory formula, the special 2000 Census data provided to states for the within-state youth allocations beginning in PY 2004 should continue to be used.
 - D. Transfers of Funds. There is no authority for local workforce investment areas to transfer funds to or from the Youth Activities program.
 - E. Reallotment of Funds. Reallotment of Youth Activities program formula funds, as provided for by WIA Section 127(c), will be based on completed program year financial reports submitted by the states. Reallotment of funds among states under WIA will occur during PY 2009 based on state obligations made during PY 2008 (20 CFR §667.150).
5. **State Adult Employment and Training Activities Funds: Title I--Chapter 5--Adult and Dislocated Worker Employment and Training Activities.**
- A. State WIA Allotments. The total appropriated funds for PY 2009 for Adult Activities are \$861,540,000 of which \$859,386,150 is for states and \$2,153,850 is for outlying areas. Attachment III-A shows the PY 2009 Adult Activities allotments and a comparison to PY 2008 allotments by state.

The three formula data factors for the Adult Activities program are the same as those used for the Youth Activities formula, except that data for the number of economically disadvantaged adults (age 22 to 72, excluding college students and military) are used. Since the total amount available for the Adult Activities program for states in PY 2009 is below the required \$960 million threshold specified in WIA section 132(b)(1)(B)(iv)(IV), as was also the case in PY 2008, the WIA additional minimum provisions are not applicable. Also, like the Youth program, the provision applying the 130 percent stop-gain of the prior year allotment percentage was used.

- B. NOOs. For PY 2009, Congress appropriated funds for this program in two portions: \$149,540,000 available for obligation on July 1, 2009 (PY 2009), and \$712,000,000 available for obligation on October 1, 2009 (FY 2010). Allotments to states and outlying areas are prorated based on these total amounts and two NOOs will be issued: one for July 1, 2009, under the PY 2009 WIA grant agreement, and the other for October 1, 2009, also under the PY 2009 WIA grant agreement (see Attachment III-B).
- C. Within-State Allocations. WIA Adult Activities funds for PY 2009 allotments are to be distributed among local workforce investment areas (subject to reservation of up to 15 percent for statewide workforce investment activities) in accordance with the provisions in WIA section 133 and the approved WIA/Wagner Peyser Act State Plan.

Similar to the Youth Activities program, for purposes of identifying ASUs for the within-state Adult Activities allocation formula, the special 2000 Census data provided to states by BLS in October 2006 is to be used for Census sharing until further notice. For purposes of developing the number of economically disadvantaged adults for the statutory formula, the special 2000 Census data provided to states for the within-state Adult Activities allocations beginning in PY 2004 should continue to be used.

- D. Transfers of Funds. WIA section 133(b)(4) provides the authority for local workforce investment areas, with approval of the Governor, to transfer up to 20 percent of the Adult Activities funds to Dislocated Worker Activities, and up to 20 percent of Dislocated Worker Activities funds to Adult Activities. The Appropriations Act, 2009 raises the transfer limits to 30 percent, which is applicable for the life of the funds.

E. Reallotment of Funds. Reallotment of Adult Activities program formula funds, as provided for by WIA Section 132(c), will be based on completed program year financial reports submitted by the states. Reallotment of funds among states under WIA will occur during PY 2009 based on state obligations of PY 2008 funds made during PY 2008 (20 CFR §667.150).

6. **State Dislocated Worker Employment and Training Funds: Title I--Chapter 5--Adult and Dislocated Worker Employment and Training Activities**. Appropriated funds for PY 2009 for the Dislocated Worker Activities program total \$1,466,891,000, with \$1,183,840,000 for states, \$3,667,228 for outlying areas, and \$279,383,772 for the National Reserve.

A. State Allotments. Attachment IV-A shows the PY 2009 Dislocated Worker Activities fund allotments by state and a comparison to PY 2008.

The three data factors required in WIA for the PY 2009 Dislocated Worker state formula allotments are:

1. The number of unemployed, averaged for calendar year 2008;
2. The number of excess unemployed, averaged for calendar year 2008; and
3. The number of long-term unemployed, averaged for calendar year 2008.

B. Notice of Obligations (NOOs). For PY 2009, Congress appropriated funds for this program in two portions for both formula funds and National Reserve funds. For formula funds, \$335,840,000 is available for obligation on July 1, 2009 (PY 2009), and \$848,000,000 is available for obligation on October 1, 2009 (FY 2010). For the National Reserve, \$71,051,000 is available for obligation on July 1, 2009 (PY 2009), and \$212,000,000 is available for obligation on October 1, 2009 (FY 2010). Allotments to states and outlying areas are prorated based on the two amounts for formula funds and National Reserve, respectively. Allotments will be issued in two NOOs: one for July 1, 2009, under the PY 2009 WIA grant agreement, and the other for October 1, 2009 (also under the PY 2009 WIA grant agreement) (see Attachment IV-B).

C. Within-State Allocations. Dislocated Worker Activities funds for PY 2009 allotments are to be distributed among local workforce investment areas (subject to reservation of up to 25 percent for statewide rapid response activities and up to 15 percent for statewide workforce investment activities) in accordance with the provisions in WIA section 133 and the approved WIA/Wagner-Peyser Act State Plan.

- D. Transfers of Funds. WIA section 133(b)(4) provides the authority for local workforce investment areas, with approval of the Governor, to transfer up to 20 percent of the Adult Activities funds to Dislocated Worker Activities, and up to 20 percent of Dislocated Worker Activities funds to Adult Activities. The Omnibus Appropriations Act, 2009 raises the transfer limits to 30 percent, which is applicable for the life of the funds.
- E. Reallotment of Funds. Reallotment of Dislocated Worker program formula funds, as provided for by WIA Section 132(c), will be based on completed program year financial reports submitted by the states. Reallotment of funds among states under WIA will occur during PY 2009 based on state obligations made during PY 2008 (20 CFR §667.150).

7. Additional PY 2009 Funding from the Dislocated Worker National Reserve for WIA Adult/Dislocated Worker Activities for Eligible States.

- A. Background. Section 173(e) of WIA provides that up to \$15 million from the Dislocated Worker national reserve is to be made available to not more than eight states with the largest ratio of Adult Activities program funds (JTPA formula amount to WIA formula amount), in amounts equal to the difference between the allotment that a state would receive for Adult Activities under the WIA formula and the state's allotment as calculated under JTPA Title II-A. Three states are eligible for these additional PY 2009 funds for a total of \$7,026,932. These additional funds are to be used for Adult or Dislocated Worker Activities, as required by section 173(e). See paragraph 11 below for reporting requirements for these funds.
 - B. NOOs. NOOs to the eligible states for the additional section 173(e) 2009 funding amounts will be issued on July 1, 2009; under separate PY 2009 WIA grant agreements (see Attachment V).
 - C. Within-State Allocations. In accordance with the requirements of section 173(e), these additional funds are to be distributed among local workforce investment areas (with no reservation for statewide workforce investment activities) on the basis of the same formulas used by the state to allocate funds within the state for PY 2009 Adult Activities or Dislocated Worker Activities, as described above. The allocation formulas are also to use the same data as used for the Adult/Dislocated Worker formula funds as described above.
- 8. Wagner-Peyser Act Final Allotments**. The appropriated level for PY 2009 for grants for Wagner-Peyser Act activities or programs totals \$703,576,000. After determining the funding for outlying areas, allotments to states are calculated using the formula set forth at section 6 of the Wagner-Peyser Act (29 U.S.C. 49e). PY 2009 formula

allotments are based on each state's share of calendar year 2008 monthly averages of the Civilian Labor Force and unemployment. The distribution of Wagner-Peyser Act funds for PY 2009 includes \$701,860,926 for states, as well as \$1,715,074 for outlying areas. Attachment VI shows the distribution of PY 2009 ES formula amounts by state compared to PY 2008.

Traditionally, a portion of Wagner-Peyser Act formula funds have been set aside in a reserve to pay for states' postage costs centrally. Beginning October 1, 2007 (FY 2008), states and outlying areas were required to pay for their own postage costs with their formula grants. Consequently, beginning with PY 2008, there is no longer a postage reserve taken off-the-top from funds distributed by formula, and all funds are now distributed by formula. This practice continues in PY 2009.

Under section 7(b) of the Wagner-Peyser Act, ten percent of the total sums allotted to each state shall be reserved for use by the governor to provide performance incentives, services for groups with special needs, and for the extra costs of exemplary models for delivering job services.

9. **Workforce Information Grants.** Total funds for PY 2009 are \$32,000,000. Funds are distributed to states by administrative formula with \$176,800 for Guam and the Virgin Islands. The remaining funds are distributed to the states with 40 percent distributed equally to all states, and 60 percent distributed based on each state's share of the Civilian Labor Force for the 12 months ending September 2008. The allotment figures are listed in Attachment VII. Policy guidance on the use of workforce information grants will be forthcoming.

For the same reasons described above for the Wagner-Peyser Act allotments, beginning with PY 2008, there is no longer a postage reserve taken off-the-top from Workforce Information Grants funds distributed by formula, and all funds are now distributed by formula. All states will use their formula grants to cover postage costs.

10. **Work Opportunity Tax Credit (WOTC).** The appropriated level for FY 2009 totals \$18,520,000. After reserving \$20,000 for the Virgin Islands, funds are distributed to states by administrative formula with a \$66,000 minimum allotment and a 95 percent stop-loss/120 percent stop-gain from the prior year allotment share percentage. The FY 2009 formula allotment data factors and related percentages are as follows:

1. Fifty percent based on each state's relative share of total FY 2008 certifications issued for the WOTC program;
2. Thirty percent based on each state's relative share of the Civilian Labor Force averages for the 12-month period, October 2007 through September 2008; and

3. Twenty percent based on each state's relative share of adult recipients of Temporary Assistance for Needy Families (TANF), averaged for FY 2007.

The final distribution of WOTC funding includes \$18,500,000 for states and \$20,000 for the Virgin Islands. Attachment VIII shows the distribution of FY 2009 WOTC formula amounts by state compared to FY 2008.

As in the Wagner-Peyser program, for FY 2009, there will no longer be a postage reserve taken from funds distributed by formula; all funds will be distributed by formula and all states will use their formula grants to cover postage costs.

The legislative authority for the Work Opportunity Tax Credit Program was reauthorized on May 25, 2007, for an additional 44-month period, through August 31, 2011.

- 11. Reporting.** For the WIA formula programs, states are required to submit the seven designated WIA quarterly financial status reports covering funds received for each of the programs (including separate reports for each of the fund year periods for the Adult and Dislocated Worker Activities programs --July 1 funds and October 1 funds). These seven reports provide financial data for statewide WIA youth, statewide WIA Adult, statewide Dislocated Worker, statewide Rapid Response (Dislocated Worker Activities), local Youth, local Adult, and local Dislocated Worker activities. States are also to submit the designated financial report formats each quarter for the Wagner-Peyser Act funds and Work Opportunity Tax Credit program funds.

The additional WIA section 173(e) funding for Adult/Dislocated Worker Program Activities (see Section 7 above) is tracked separately. The affected states are not to combine these funds with regular local area Adult Activities or local area Dislocated Worker Activities funds for reporting purposes. Instead, states are required to submit separate quarterly financial status reports for these designated funds using the same local adult and local dislocated worker report formats, depending on how the state chooses to distribute the funds. However, all program participants are subject to the WIA performance criteria outlined in section 136 of WIA. Outcomes for participants whose activities are funded under section 173(e) should be combined and reported with regular WIA outcomes.

- 12. Inquiries.** Questions regarding these allotments may be directed to the appropriate Regional Office. Information on allotments and planning requirements may also be found on the Employment and Training Administration (ETA) Web site at <http://www.doleta.gov>.

Workforce Investment Act (WIA) and Wagner-Peyser Act Statutory Formulas for State Allotments

Formula Descriptions

WIA Youth Activities

Formula:

1/3: State relative share of total unemployed in areas of substantial unemployment (ASU) (average 12 months ending 6/30)

1/3: State relative share of excess unemployed (average 12 months ending 6/30)

1/3: State relative share of economically disadvantaged youth (Census 2000)

Minimums:

- (a) If total amount available for States is \$1 billion or less:
State allotment cannot be less than
 - (1) 90% of State relative share of prior year funding
 - (2) 0.25% of total available funds for States
- (b) If total amount available for States exceeds \$1 billion:
State allotment cannot be less than
 - (1) 90% of State relative share of prior year funding
 - (2) 1998 allotment amount
 - (3) 0.3% of first \$1 billion plus 0.4% of amount over \$1 billion

Maximum:

130% of State relative share of prior year funding

WIA Adult Activities

Same as Youth Activities, except

- (a) Formula uses economically disadvantaged ADULTS instead of YOUTH
- (b) Threshold for selecting minimum provisions is \$960 million instead of \$1 billion

WIA Dislocated Workers

Formula:

1/3: State relative share of total unemployed (average 12 months ending 12/31)

1/3: State relative share of excess unemployed (average 12 months ending 12/31)

1/3: State relative share of long-term unemployed (average previous published calendar year)

Minimum: none

Maximum: none

Employment Service (Wagner-Peyser Act)

Formula for 97% of funds:

2/3: State relative share of civilian labor force (average 12 months ending 9/30 (preliminary) or 12/31 (final))

1/3: State relative share of total unemployment (average 12 months ending 9/30 (preliminary) or 12/31 (final))

Minimums:

- (a) 90% of State relative share of prior year funding
- (b) 0.28% of total available funds for States

Maximum:

Distribution of 3% of funds:

- (1) States with civilian labor force below 1 million and under the national median civilian labor force density receive an amount which when added to their share of the 97% portion will result in an amount equal to 100% of their relative share of the prior year funding
- (2) Remaining States losing in relative share receive a share of the remaining funds prorated based on the amount needed to achieve 100% of their relative share of prior year funding.

Formula Data Factor Definitions

WIA Youth and Adults Programs

ASU: contiguous areas with unemployment rate of 6.5% or more

Excess unemployed: higher of:

- (1) excess unemployed (unemployment in excess of 4.5%) in ASU's; or
- (2) excess unemployed (unemployment in excess of 4.5%) in all areas

Economically disadvantaged adults: individuals age 22-72 meeting (or member of family meeting):

OMB poverty level or
70% of lower living standard income level (LLSIL).

Economically disadvantaged youth: individuals age 16-21 meeting (or member of family meeting):

OMB poverty level or
70% of lower living standard income level (LLSIL).

WIA Dislocated Workers Program

Excess unemployed: unemployment in excess of 4.5%

Long-term unemployed: number unemployed 15 or more weeks

Employment Service (Wagner-Peyser):
